

630 US GALLONS

# MULTICUBE

U.S. Only Product

## NON-HAZMAT DIESEL FUEL TRAILER

The MultiCube is a diesel fuel trailer that does not require Hazmat placarding, and in most cases CDL, thanks to its multi-tank design. The six independently isolated fuel tanks are housed within an outer tank that provides double-walled containment. The MultiCube offers convenience and security for your fueling needs.

## BENEFITS

### NON-HAZMAT

Transport diesel safely without the need for hazmat placarding.

### 110% CONTAINED

(6) 105 US gallon fuel tanks housed within an outer tank, providing double-walled containment.

### MOBILE

13-foot trailer allows for maneuverability and easy refueling in hard-to-reach locations.

### TURNKEY

Pre-configured, pre-installed accessory packages designed for your applications.

### SECURE

Lockable design ensures your diesel and equipment are safe and secure.

### GUARANTEED

8-year tank warranty. 1-year trailer warranty. We've got you covered.

## SPECIFICATIONS

Includes tank & trailer.

	MCT0630
<b>CAPACITY (TOTAL UNIT)</b>	630 US Gallons
